

# Service Contract Prices

**The Priorclave Preventative Maintenance Contract is designed to keep the autoclave in a safe, efficient working condition, reducing the possibility of costly downtime.**

Maintenance Plans run on a yearly basis and generally incorporate one or two scheduled service visits by a fully factory trained Priorclave Service Engineer working from a well-equipped vehicle. The engineer will carry out a thorough service covering all aspects of the autoclave's mechanical and electrical systems in accordance with a pre-defined maintenance checklist detailing up to 72 specific points, making adjustments where necessary to ensure that a fully operational condition is maintained.

At the end of the visit, a completed Maintenance Report will be presented for your approval, with copies to be kept for your own records. This will prove invaluable if you have to comply with stringent Quality Assurance or Insurance regulations.

Contracts for four or more annual visits can be arranged if required, [please contact Priorclave Service](#) for more details.

The prices shown are for Priorclave Service Zone A, which covers the majority of the UK mainland.

For full details of Service Areas and available options please download our [Service Contract Data Sheet](#) from the Priorclave website.

## **Standard Service Contracts**

Covers all site time and travel costs for scheduled preventative maintenance service visits, and a 15% discount on parts fitted. Any additional visits or parts are charged at our normal rate less 15%.

Savings are available for multiple autoclaves at the same site as listed below.

No of Autoclaves	2 Visits Per Year	1 Visit Per Year*
1	£1,056.00	£795.00
2	£1,794.00	£1,352.00
3	£2,324.00	£1,749.00
4	£2,854.00	£2,148.00

\* Low use only

## **Additional Charges and Options:**

Power Door, Double Door and Non-Standard models	£284.00 Per Autoclave
Annual Calibration at a Single Set Temperature	£201.00 Per Autoclave
Additional Calibration Temperature	£101.00 Per Autoclave
Two Calibrations per year (as part of Service Contract Visits)	£328.00 Per Autoclave
Recalibration	£170.00 Per Autoclave

## **Standard PLUS Service Contracts**

In addition to the scheduled service visits, this Plan also includes all parts\* supplied during the term of the plan.

The Standard Plus plan option is based on 2 preventative maintenance visits per year.

**All-Inclusive Service Contracts**

Includes everything available in Standard Plus and also all site time and travel for call-outs to breakdowns and is inclusive of all parts\* supplied during the term of the plan.

The All Inclusive plan option is based on 2 preventative maintenance visits per year.

*\*Replacement parts fitted or supplied as a result of misuse or accidental damage are excluded from all plans but will benefit from a 15% discount.*

To upgrade the Standard Plan to **Standard PLUS** or **All-Inclusive** simply **add** the relevant prices from the table below for each autoclave to the Standard Contract price.

*The prices shown are per autoclave and are not discountable*

Priorclave Model	Standard Plus	All-Inclusive	Vacuum Models
<b>Compact Models (60 Litres capacity or less)</b>	£429.00	£1,185.00	£365.00
<b>QCS Quick Closure Models</b>	£461.00	£1,744.00	£365.00
<b>RSC Models</b>	£488.00	£2,068.00	£365.00
<b>Power Door, Double Door and Non-Standard Models</b>	£599.00	£2,535.00	£365.00

**Pricing Example:**

For a standard PLUS contract to cover two autoclaves, one RSC model with Vacuum and one QCS model without vacuum for two visits per year with annual calibration at one temperature.

	Std +	Vacuum	Total
<b>Standard Contract for 2 autoclaves</b>			£1,794.00
<b>RSC Front-Loader with Vacuum Standard PLUS</b>	£488.00	£365.00	£853.00
<b>QCS model Standard PLUS</b>	£461.00		£461.00
<b>Calibration x 2 @ £ 201.00 Ea</b>			£402.00
		<b>Total</b>	<b>£3,510.00</b>
